7 Charles Dickens once said: «Procrastination is the
20 thief of time, collar him». I understand the author's point of view
30 as being lazy and avoiding work can be really time-wasting
40 actions. People of all ages can face this problem, which
49 can arrive from different reasons, such as troubles with
59 finding your ~~place~~ place in life or trauma from losing someone.
69 Personally, I agree that if you do nothing for properly
78 studying or working, you can start forgetting things we
90 all usually know. When you postpone a duty, it can turn into
103 a huge pile of tasks you can not deal with. Your friends and
115 family can lose their trust in you, because you're lazy and
119 perform avoidance to them.
131 A good example of a person, who had lost all time to
140 laziness is Oblomov from the romance written by ~~Ivan~~ Ivan
151 Goncharov. Oblomov is a kind and romantic man, who fell in
161 love with a beautiful woman. But he hesitated to change ~~from~~
172 from ~~the one~~ the one, who ^{to} idle sit on his couch all day to a more active
189 person, so he loses ~~this~~ this love. We can see that procrastination can
196 lead to serious problems in your life.
208 In conclusion, I'd like to say that every person can beat
218 their will of doing nothing and start grow rapidly. You need
232 to live your life to the fullest, because it's what we deserve.

Writing

I understand the author's words as meaning that procrastination is time-wasting. The avoidance of affairs deprives us of bright moments in life, gaining experience and memories for the future. ³⁰ Personally, it seems to me that this is so, ^{et} because when you do nothing or postpone everything for later, you do not get results. Some people procrastinate because of insecurity and they hesitate to take some action, perhaps because people like these are afraid ^{gr} to take a risk. ⁷⁸ I had a similar situation before, I had a big exam and I postponed preparing for it for later, although I had enough time for this and my time was idle. In ^{gr} the end, it did not lead me to anything good, I did not fail the test, but the result was not what I would like. ¹³⁵ As a result, I can say that procrastination can be ^{rep.} a defensive reaction of a person, due to insecurity, fear of changes in life. But a person ^{who} that is afraid to do something, or unwilling to do it, misses a lot, new acquaintances and impressions, life is boring without it, and even more so it becomes meaningless if a person does not have ^{any} some kind of goal that they want to accomplish because of ^{gr} procrastination.

"Procrastination"

Procrastination is the time for nothing good. Time for nothing. It's a big problem. Today we have many information we can use and think about. We have so many deal a day and it is good, but our brain can't process it all. And it need time for rest. But rest must be a time when our brain don't gain information. And you shouldn't do something that makes your brain work. Don't read and don't concentrate. You can do sports or dance, it will be a good rest for your brain. But usually we don't do this and our brain doesn't keep up for the information. And it starts to procrastinate, because it can't do bigger and it can't do it well. I think, Charles Dickens said true about the time and the procrastination. Literally, I agree with the theory of our busy and free time. We must do the list of our deals and live with all activites that we need to good life. And the most important thing is mode, the good sleep mode. Go to sleep earlier, wake up earlier and you will do all your deals with good mood.

In the conclusion, I think we mustn't procrastinate. Don't laying lot and don't surfing a Net a lot and your life will be more comfortable. You will live better than before. I suggest it.

About a month ago I've discovered a really interesting game on Roblox - THE classical game platform of the 21 century, named Dragon Adventures. Instead of boring and repetitive modern games that you could find on this platform, it's an impressingly well-made experience about a big world of various dragons to tame. There, you play as your Roblox avatar and collect gorgeous, massive and scary dragon-like creatures - at the moment, there is more than 100 species! There are different ways to collect them - for some you have to cross your fingers and rely on your luck, for others you have to defeat strong enemies to collect their eggs, and of course there are some that are only available through grinding. The lore might interest you too - each species has a detailed description and history. You can also farm, explore and have fun with your friends there! Not everyone ~~loves~~ likes collecting games, but if you're one of those lovers - then Dragon Adventures might be the right choice for you!

I'd like to tell you about computer games. My favourite game is Titanfall 2. It is a shooter and some adventure.

The characters are: Dжек Купер, BT-7274 (robot) and other people. The plot is: Good guys and you go to the planet and you should kill bad ~~man~~ guy. On the adventure road you kill some other bad guys, who want to take over the world. It is bad.

You can play this game on the playstation computer. Aim of the game is: to kill the last boss ^{and save the world}. I would recommend this game ^{to} young adults, because it is great, interesting and addictive game. ~~It~~ This is all, I wanted to say.
